

# Georg Gatsas & Lizzi Bougatsos

## BolteLang at Zoo Art Fair

Since BolteLang opened in January 2008 it has put on a series of two-artist shows. BolteLang's booth at Zoo Art Fair is a continuation of these exhibitions: Georg Gatsas was asked to invite another artist for a joint presentation. Gatsas is a Swiss-born photographer; his portraits bear witness to relationships with creative figures, demonstrating time spent and history shared with his subjects, one of whom is Lizzi Bougatsos, musician and artist, whom he asked to take part in his exhibition at the fair. Bougatsos is part of an underground culture that is currently under threat from the gentrification and redevelopment of a Manhattan neighbourhood that Gatsas captured in his recent Five Points series, from which works will be shown at the BolteLang booth.
